Air Resources Board

Robert F. Sawyer, Ph.D., Chair
1001 I Street • P.O. Box 2815
Sacramento, California 95812 • www.arb.ca.gov

Arnold Schwarzenegger
Governor

Dear Sir or Madam:

The California Air Resources Board (ARB) staff invites you to participate in a public workshop to review control technology options for compliance with the Transport Refrigeration Unit (TRU) Airborne Toxic Control Measure (ATCM). ARB staff will present the preliminary results of its review and conduct a question and answer session.

Workshop Information

The workshop will be held at the following location, date, and time:

DATE: Thursday, June 14, 2007
TIME: 10:00 a.m. to 12:00 Noon (Pacific Time)
LOCATION: Coastal Hearing Room (2nd floor)
ADDRESS: CalEPA Headquarters Building
1001 I Street
Sacramento, California 95814

For directions, transportation options, and parking information for the public workshop, please visit the following webpage: <http://www.calepa.ca.gov/EPABldg/location.htm>.

The workshop will also be available through webcast and teleconference. The webcast connection is at: <http://www.calepa.ca.gov/broadcast>. Interested parties in North America (U.S., Canada, and most of Mexico) may call in toll free to 1-800-857-3793. International callers outside of North America may email Rod Hill (rhill@arb.ca.gov) for UFN country codes and carriers or just call into the meeting using the toll-number 1-210-795-2680. The passcode for the teleconference is 35328.

The agenda and presentation, as well as any additional materials, will be available at the workshop and a few days prior to the workshop on our website at <http://www.arb.ca.gov/diesel/tru.htm>. If you have a disability-related accommodation need, please go to <http://www.arb.ca.gov/html/ada/ada.htm> for assistance or contact the ADA Coordinator at (916) 323-4916. If you are a person who needs assistance in a language other than English, please go to <http://www.arb.ca.gov/as/eo/languageaccess.htm> or contact the Bilingual Coordinator at (916) 324-5049 as soon as possible.

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demand and cut your energy costs, see our website: <http://www.arb.ca.gov>.

California Environmental Protection Agency

Background

On February 26, 2004, the California Air Resources Board (ARB) adopted the Transport Refrigeration Unit (TRU) Airborne Toxic Control Measure (ATCM) and directed staff to closely monitor the progress and development of emissions control technology as it applies to TRUs and TRU generator set emission standards set forth in the TRU ATCM. The Board further directed staff to report on the feasibility of complying with the standards in the time specified in the regulation. The rulemaking became effective December 10, 2004, and was codified under title 13, California Code of Regulations (CCR), section 2477. On March 28, 2005, ARB requested the U.S. Environmental Protection Agency (U.S. EPA) to grant a waiver of preemption under the federal Clean Air Act. Pending U.S. EPA's decision, ARB will continue to implement the TRU ATCM in accordance with state law.

Further Information

We welcome your participation in these efforts. If you have general questions regarding the public workshop, please contact Mr. Rod Hill at (916) 327-5636 or via email at rhill@arb.ca.gov, or Mr. Richard Boyd, Manager, Process Evaluation Section, at (916) 322-8285 or via email at rboyd@arb.ca.gov.

Sincerely,

/s/

Daniel E. Donohoue, Chief
Emissions Assessment Branch
Stationary Source Division
